

Licence Reviewer Refresher Training

10th November 2021

11:00 – 13:00

Following the Science Council's release of the Evidence Framework documentation and update to the new standards, we are holding a refresher training session for our licence reviewers.

The training session will introduce you to all recent changes to prepare you for carrying out reviews from January 2022.

An experienced licence reviewer will be online on the day to answer any questions.

No preparation is required, just turn up on the day.

Agenda

11:00 – 11:10

Introductions and your role as a volunteer.

11:10 - 12:40

The Evidence Framework and updated standards – information for licence reviewers.

12:40 – 13:00

Q&A with experienced licence reviewer.

Zoom Details

Please register for this training in advance via the link below.
